Cupid Busy.

June is the busiest month Cupid has in the year. His darts are flying in all directions and Saline seems to be specially favored as is shown by the number who has come to us for their nice things to wear. The expressions of pleasure and satisfaction we hear of the convenience of such a store as this and of the beautiful garments and low prices asked for such good goods would fill volumes. Try us yourself and be among the well pleased.

Santa Claws not in it

with our little friends. His prompting to the mind what to buy are marvelous. Such Gloves and Hosiery, Combs, Belts, Purses, Ties and handsome garments, all ready-to-wear, displayed so that you can see just how they will look, besides we fit them to your figure and charge you nothing for the work.

All Good Things

have a beginning so we ask you to begin with a corset that is correct in every particular. Do not wear "any old" corset and ruin your figure but rather wear something that is right and correct the fault caused by wearing an inferior make. The G-D Justrite corset is good and you will find it so if you try it.

We can fit any one in Suits and Skirts, all colors and all textures for spring and summer wear.
